¹Check appropriate boxes that best describe type of isolated, non-navigable, intra-state water present and best estimate for size of non-jurisdictional aquatic resource area.

Migratory Bird Rule Factors ¹ :	If Known		If Unknown Use Best Professional Judgment		
	Yes	No	Predicted to Occur	Not Expected to Occur	Not Able To Make Determination
Is or would be used as habitat for birds protected by Migratory Bird Treaties?			x		
Is or would be used as habitat by other migratory birds that cross state lines?			x		
Is or would be used as habitat for endangered species?					x
Is used to irrigate crops sold in interstate commerce?				x	

¹Check appropriate boxes that best describe potential for applicability of the Migratory Bird Rule to apply to onsite, non-jurisdictional, isolated, non-navigable, intra-state aquatic resource area.

TYPE OF DETERMINATION: Preliminary Or Approved xxx.

ADDITIONAL INFORMATION SUPPORTING NJD (e.g., paragraph 1 – site conditions; paragraphs 2-3 – rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 – site information on waters of the U.S. occurring onsite):

The old gravel pit is referred to as the South Lake of the Harbor Isle development. No connection was observed from South Lake to any jurisdictional waters of the U.S. The 7.5 minute USGS quadrangle showed a tributary to the southeast corner of the lake but we found no tributary, ditch or drainage pipes. The project site is within the historical floodplain of the Arkansas River and the Little Arkansas River but it is a man-made gravel pit with no wetlands. Therefore South Lake is considered an isolated waterbody and is non-jurisdictional.
